DISPUTE DETAILS:

- Merchant: AudioPeak Electronics
- Transaction Amount: USD \$199.99
- Reason Code: 4853 - Goods/Services Not as Described or Defective

CARDHOLDER STATEMENT:

I purchased ProSilence ANC Wireless Headphones (Order #AP-6674) from AudioPeak Electronics for \$199.99. The product listing prominently advertised "30-hour battery life" and "industry-leading noise cancellation." However, the battery only lasts approximately 12 hours and the noise cancellation is significantly weaker than advertised. I believe the product is materially different from the description.

I contacted AudioPeak Electronics 18 days after delivery. They offered a return, but I had already discarded the original packaging. Their return policy requires original packaging, which I consider unreasonable for a product that does not perform as advertised. AudioPeak offered only a 15% discount on a future purchase, which I declined.

I am requesting a full reversal of \$199.99 for goods not as described.

SUPPORTING EVIDENCE:

1. Screenshot of product listing showing "30hr Battery" claim
2. Battery usage log showing ~12 hours actual battery life
